

CS3 CARL ANTHONY MAIORINO - 21 November 1959 to 25 July 1963

I Carl Anthony Maiorino, "Cookie" was born 10 February 1941 at San Francisco, California. I have brown hair and brown eyes. I enlisted in the U. S. Navy on 25 August 1959 at San Mateo, California. I was 18 years old. I went to boot camp at USNTC San Diego where I was in Company 421, the best Company at that time. Company 421 won all the awards that were handed out such as academic, weekly competition awards, and most importantly, the Brigade Award.

After boot camp I went aboard USS FRANK E. EVANS (DD 754). It was 21 November 1959. Initially, I was assigned to 1<sup>st</sup> Division, the Deck Force. After about three months I went to "S" Division to become a cook.

In 1962, EVANS entered a contest with 1,012 other ships in the fleet to see who had the best feeding ship in the U.S. Navy. The USS FRANK E. EVANS won the Francis Ney Memorial Award, the first time that a destroyer had ever done so. In 1963, she won the award for the second consecutive year. I received three letters of commendation.

Subj: Commendation

1. Nowhere in the fleet can we find a better selection of Commissarymen than here on the USS FRANK E. EVANS (DD 754), and this was proven by the ship being awarded the 1963 Edward Francis NEY Memorial Award. This is the first time that a World War II destroyer of this type has been so honored and we on the EVANS can be proud to claim that we are first.
2. Your performance and outstanding service at this command was noteworthy, for you applied yourself diligently to all assigned duties and you produced the finest quality food. Your esprit de corps, leadership, and the professional knowledge of your job let the Supply Department and the EVANS to be selected as having the "best mess" of the Navy's 1016 messes afloat. By no means did your devotion to duty or long hours of hard work go unnoticed.
3. With sincere appreciation for your outstanding service, you are hereby commended for a job "well done".
4. A copy of this letter will be made a permanent part of your service record.

While aboard FRANK E. EVANS for four years, in 1960 she went through a FRAM conversion. We were in the yards for 18 months during which time a flight deck and helicopter hanger were installed. FRANK E. EVANS then made a Westpac cruise. During my time in FRANK E. EVANS I saw four captains, three executive officers and four changes in crew. From 1959-1963 there were only about 12 crew members that remained aboard the ship. On 25 July 1963, I transferred to the Long Beach Naval Station for discharge.
