While in high school, Wesley, what most of his friends called him, worked in a sawmill. He enjoyed basketball and baseball, and he loved to ride horses and motorcycles. His older sister said, “Wes was a typical pesky little brother but I loved him just the same.” Following graduation from West Sabine High School, Wesley went to Stephen F. Austin College and planned to continue with his education after his Navy service. Con Wesley reported for duty on board USS FRANK E. EVANS (DD 754) on 28 Apr 1967. RD3 Warnock was on watch in CIC when the collision occurred.
